ABOUT US

United Safeway India Private Limited (USIPL) is a premier integrated logistics and supply chain organization headquartered in Gandhidham, Kutch, Gujarat, with a strong operational presence across Deendayal Port (Kandla) and Mundra Port. Established in 2009, with an operational history dating back to 2004, USIPL has evolved into a multi-vertical, technology-driven logistics group capable of delivering seamless, end-to-end supply chain solutions.

Supported by its group entities—Ace Global Logistics, TwinWave Shipping Agency LLP, and Dockport Warehousing Zone, USIPL delivers integrated solutions across customs, port handling, vessel agency, stevedoring, transportation, warehousing, and international freight services. The company has a strong presence in the renewable energy, pulp and paper, steel, heavy machinery, chemicals, minerals, and large-scale project cargo sectors.

From Leader's Desk

Mr. Balaji B. Naidu Director & Founder

With over two decades of hands-on experience in logistics and port operations, Mr. Balaji B. Naidu has been actively engaged in the logistics industry since 2004.

He is the founder and principal architect of United Safeway India Private Limited, having transformed the organization from a modest, transport-oriented operation into a fully integrated, multi-vertical logistics and port operations group.

Under his leadership, USIPL has established strong operational capabilities across all major Gujarat ports and ICDs, with particular dominance at Deendayal Port (Kandla) and Mundra Port.

He has been directly involved in handling complex project cargo, renewable energy components, ODC movements, vessel agency operations, and time-critical port logistics, working closely with port authorities, customs officials, shipping lines, EPC contractors, and government stakeholders.

He is widely recognized for his deep understanding of port regulations, customs compliance, operational risk management, and stakeholder coordination, ensuring the seamless execution of large-scale and sensitive logistics operations. His leadership philosophy is rooted in ownership, accountability, compliance, and execution excellence.

From Leader's Desk

Mr. Bhaskar B. Naidu

Director

Mr. Bhaskar B. Naidu joined the organization in 2012 after completing his B.Sc. in Computer Science from Madras University and has since played a critical role in strengthening the company's systems, governance, and scalability.

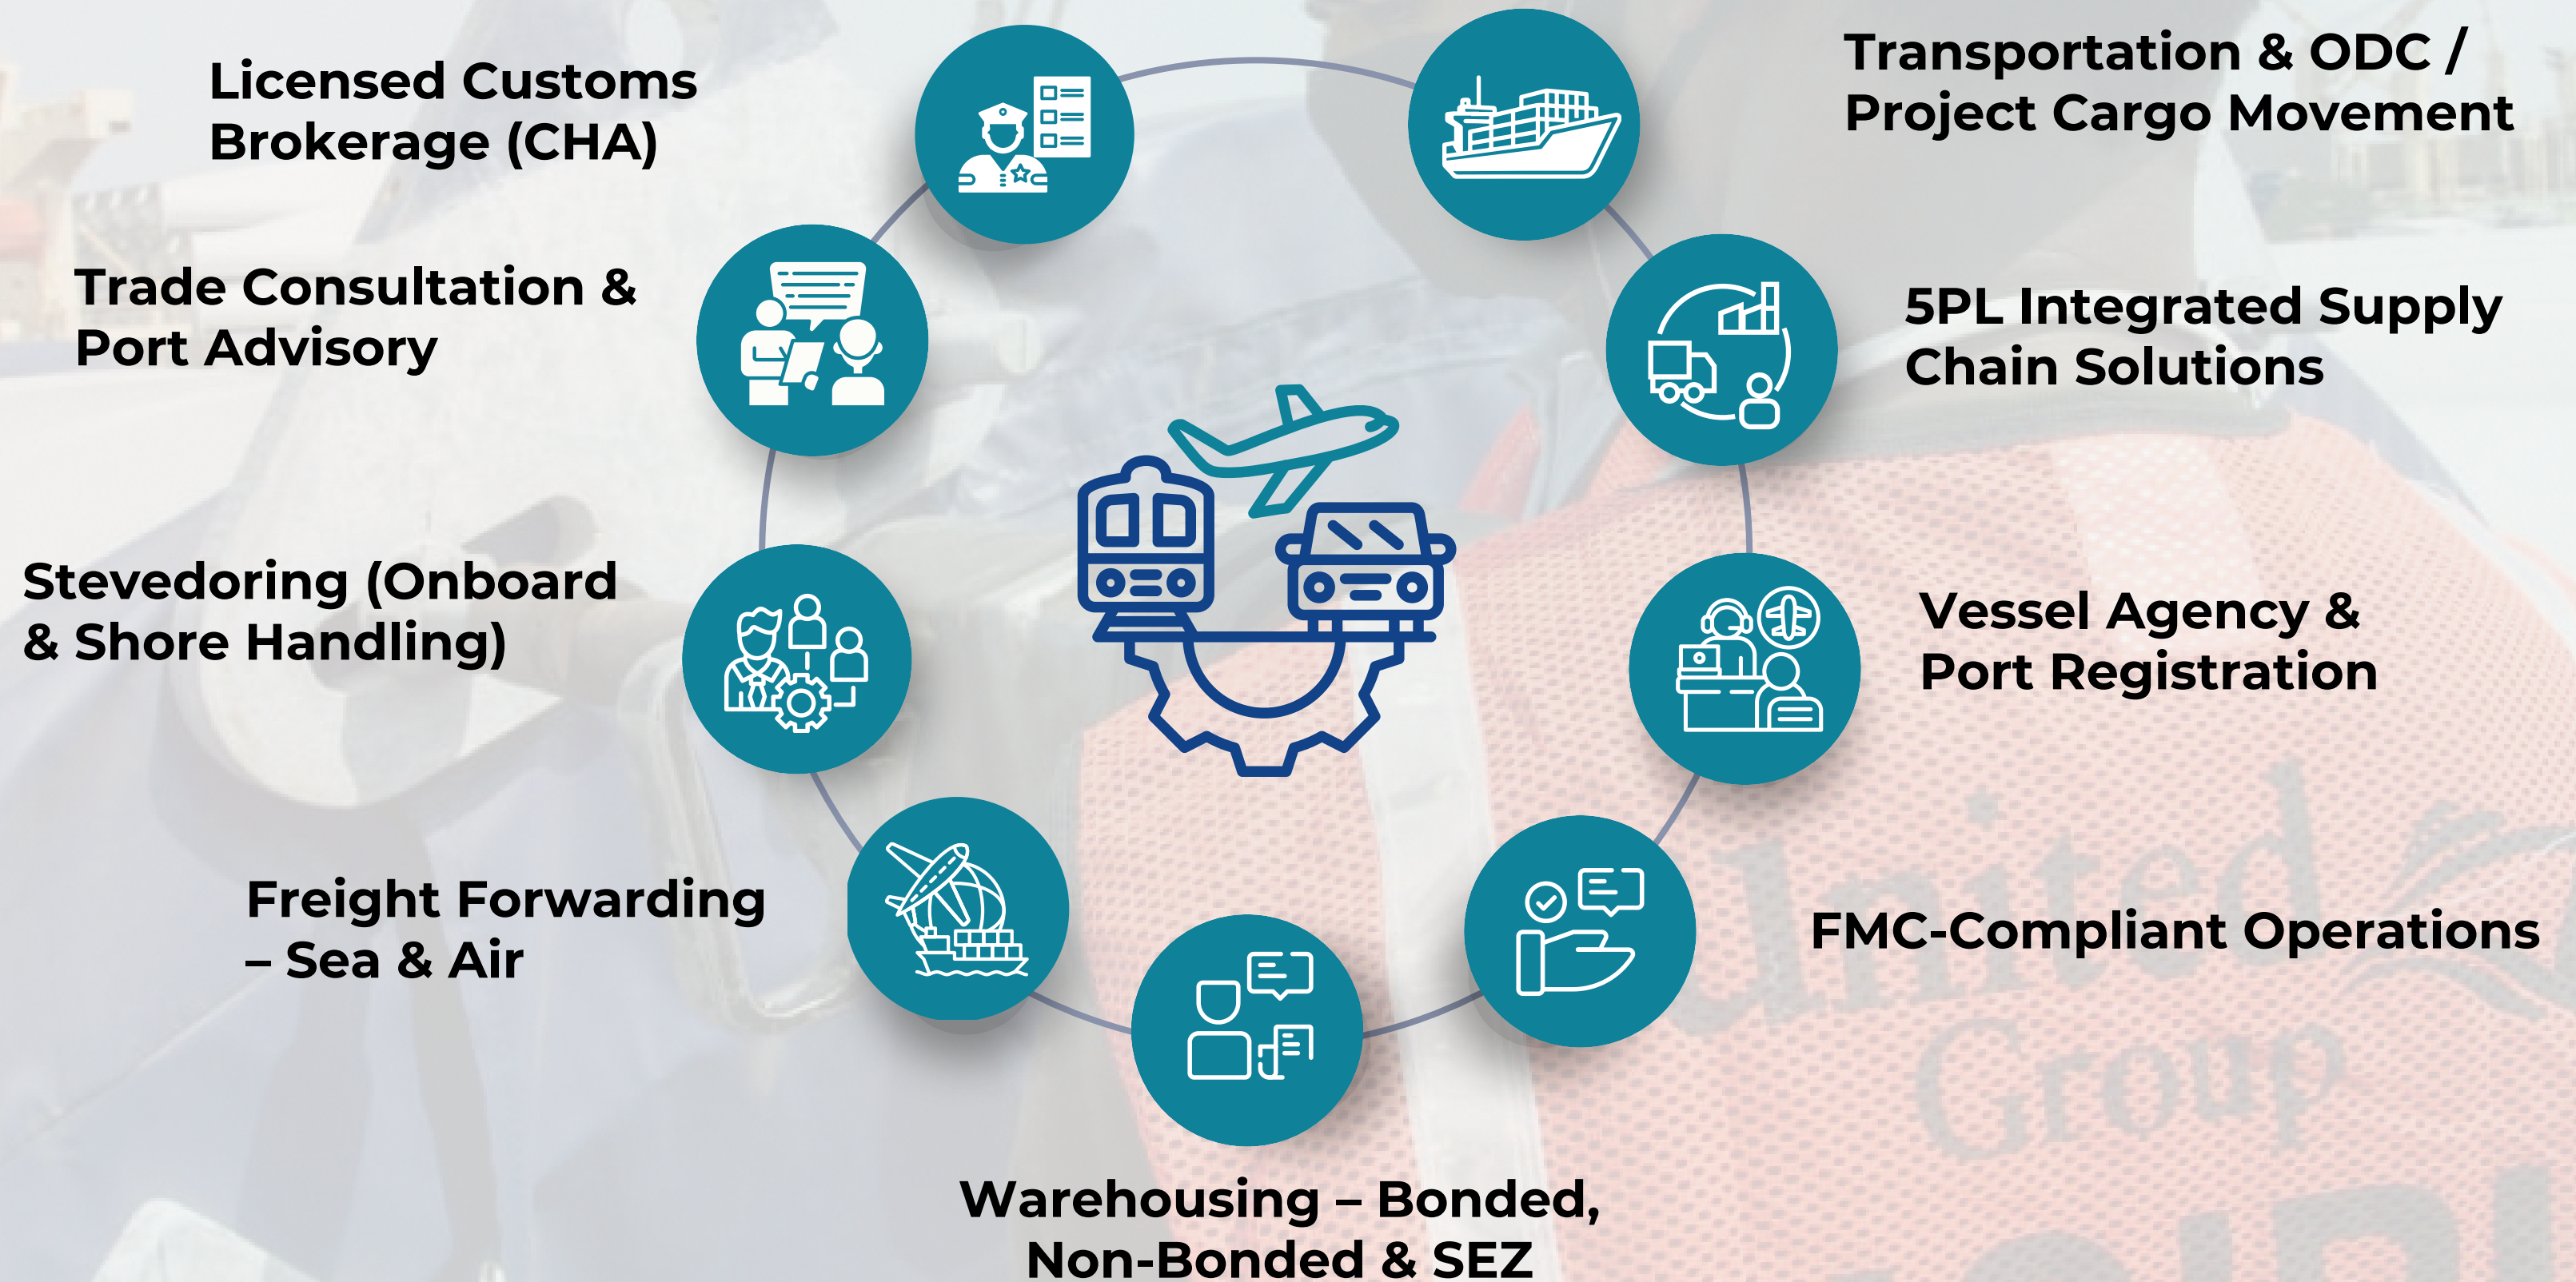

He has led the implementation of digital transformation initiatives, including ERP systems, process automation, documentation controls, compliance monitoring frameworks, and MIS-driven reporting, significantly enhancing transparency, accuracy, and operational efficiency.

He oversees regulatory compliance, internal controls, audit coordination, IT infrastructure, and process standardization, ensuring alignment with statutory, port, customs, and international trade requirements.

His technology-driven and compliance-focused approach has enabled USIPL to scale operations across multiple ports and ICDs while maintaining robust governance and risk mitigation standards.

OUR ACHIEVEMENTS

Serving India's leading renewable energy companies continuously since 2012, handling blades, towers, nacelles, and heavy components.

Successfully executed the movement of 90-meter wind blades—among the longest in India.

One of the strongest integrated port logistics teams across CHA, vessel agency, stevedoring, transport, and warehousing.

Proven track record in handling time-sensitive project cargo for major OEMs and EPCs.

Built a unified logistics ecosystem enabling full port-to-site operational control

Our Ethics

Managing the Process

We take ownership of the entire logistics cycle, ensuring structured, documented and controlled operations at every stage.

Eliminating Guesswork

We operate with transparency, clarity and precise information flow—removing ambiguity and enabling accurate decision-making.

Linking Up With You

We work as an extension of our clients' teams, aligning our operations, communication, and goals with their priorities.

Timing in Everything

We believe logistics is time-driven; punctuality, fast coordination and proactive planning define our performance standards.

VISION

To be a trusted logistics and port operations partner in New Bharat, contributing to the nation's growth across renewable energy, infrastructure, manufacturing, metals, chemicals, minerals, agriculture, FMCG, and global trade by building a technology-driven, compliant, and globally connected logistics ecosystem that strengthens India's supply chain and industrial competitiveness.

MISSION

To actively participate in the development of New Bharat by delivering safe, compliant, and execution-driven logistics solutions that support renewable energy, infrastructure, manufacturing, steel, power, chemicals, minerals, agriculture, and international trade through innovation, technology adoption, skilled manpower, and strong partnerships with government authorities, PSUs, EPCs, and global clients.
